

EVACUATION CHECKLIST

Print-ready checklist for families and schools to plan a rapid evacuation.

BEFORE YOU LEAVE

- Know your evacuation routes and safe zones.
- Keep important documents in a waterproof bag.
- Prepare your emergency go bag.
- Make a communication plan with your family.
- Stay informed about alerts and warnings

WHAT TO DO:

1

HEAR THE ALERT

Pay attention to official warnings and instructions.

2

LEAVE IMMEDIATELY

Don't wait to see the water. Evacuate right away.

3

GO TO HIGH GROUND

Move inland or to higher elevation quickly.

4

STAY TOGETHER

Keep your family or group together during evacuation.

5

FOLLOW OFFICIAL INSTRUCTIONS

Keep your family or group together during evacuation.

IMPORTANT REMINDERS

Do not return to the coast until officials say it is safe.

Tsunami waves may continue for hours.

Keep your phone charged but use it only for emergencies.

Be prepared. Act fast. Stay safe
